All, as you saw, and as predicted, the first options selection meeting has been moved as has the second. They are now scheduled for: September 18 from 1-2:30 pm eastern for Option 1 and October 9 from 1-2:30 pm Eastern for Option 2.

We do still need to move forward on the second set of issues for the second options selection meeting and finalizing this first meeting.

Attached for discussion tomorrow is the briefing document we propose to use at the first option selection meeting. I'd like us to discuss this tomorrow and specifically would like to know what if any additions need to be made to the document e.g., is there any additional info needed? are the options correctly described? are the considerations complete?

The issue papers that will accompany the briefing document can be found in our folder (E internal comms, options selection materials, 1<sup>st</sup> options selection). I have moved earlier versions of the documents, with comments, to the Opt Sel 1 working docs folder if you want to make sure comments were addressed.

Issues for which we are still developing options and will be proffered at the second meeting include: assumable waters – meeting with Army and Corps on 30<sup>th</sup>; mitigation; tribal issues; roles of various parties; ESA

- Until tomorrow – Kathy
